APPENDIX C-1

SUMMATIVE YEAR SURVEY
Purpose: The Department of Commerce Personnel Management Demonstration Project was implemented in March 1998. The goals of the Demonstration Project are to improve workforce performance and promote mission accomplishment through changes in human resources management systems. The purpose of this survey is to identify employees’ attitudes and perceptions about their work environments. The survey is being distributed to all employees in participating organizations, as well as to a group of employees in nonparticipating organizations who serve as a comparison group. The results of this survey will be compared to a previous baseline survey and the surveys conducted at the end of the first and third years of the Demonstration Project.

Confidentiality: Booz Allen Hamilton, the Demonstration Project evaluator, is administering this web-based survey. All of your responses will go directly to Booz Allen and will be kept strictly confidential. We do ask for some information about your job for the purpose of making statistical comparisons. Individual responses will not be seen by anyone within your organization. All results will be reported in terms of trends and overall findings.

The Importance of Your Response: Your responses will help gauge the effectiveness of the human resources changes that have been implemented, and whether the changes are meeting the objectives of the Demonstration Project.

Instructions: Please answer all questions based on your current understanding and opinions.

IF YOU’VE BEEN HIRED SINCE APRIL 2003 PLEASE DO NOT COMPLETE THE SURVEY.

PRIVACY ACT STATEMENT - Solicitation of this information is authorized by Section 4702 of Title 5, U.S. Code, which requires the Office of Personnel Management to establish and maintain research programs to improve Federal personnel management. The information will only be used to prepare aggregate statistical reports of all responses received. Furnishing this information is voluntary.
