<th><strong>Olivia J. Bradley</strong></th>
<th><strong>Don Graves Jr.</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Senior Procurement Executive and Director of Acquisition Management, (DOC)</td>
<td>Deputy Secretary of Commerce</td>
</tr>
</tbody>
</table>

Ms. Bradley is the Senior Procurement Executive and Director of Acquisition Management. She joined the Office of Acquisition Management as the Deputy for Procurement Management and the Deputy Senior Procurement Executive in 2018 and was responsible for the Department’s procurement and financial assistance policy, compliance, savings, workforce and systems initiatives.

Before joining OAM, Ms. Bradley focused on maximizing the operational efficiency and value of NOAA’s procurements by applying strategic sourcing techniques as its Director of the Strategic Sourcing Acquisition Division. Prior to joining NOAA she held various positions within the Navy and the Missile Defense Agency.

Don Graves is currently serving as the 19th Deputy Secretary of the U.S. Department of Commerce. Prior to his appointment, he was Counselor to Joe Biden on his Presidential campaign. Previously, he served as Executive Vice President and Head of Corporate Responsibility and Community Relations at KeyBank. In this role, Graves led KeyBank’s corporate responsibility team, including the bank’s $16.5 billion National Community Benefits Plan, the bank’s sustainability work, stakeholder engagement and outreach, and oversaw the KeyBank Foundation and the First Niagara Foundation.

Prior to joining KeyBank, Don served as Counselor and Domestic and Economic Policy Director for Vice President Joe Biden during the Obama Administration. Don was previously appointed by President Barack Obama as Executive Director of the President’s Council on Jobs and Competitiveness and led the federal government’s efforts in the economic recovery of the city of Detroit. Don also served as Deputy Assistant Secretary for Small Business, Community Development, and Housing Policy at the U.S. Department of the Treasury, where he oversaw the CDFI Fund, the $4 billion Small Business Lending Fund and the $1.5 billion State Small Business Credit Initiative. He was also the U.S. Federal Representative to the G7 Task Force on Social Impact Investment.

Graves holds a Bachelor of Arts in Political Science and History from Williams College and a Juris Doctor from the Georgetown University Law Center, where he received the Dean’s Award. He is a fellow of the National Association of Public Administration.
### Jeremy Pelter
**Acting Chief Financial Officer and Assistant Secretary for Administration, (DOC)**

Secretary Graves recently appointed Jeremy Pelter to the DASA role. As DASA, he is also the Acting CFO/ASA until such time as the Department of Commerce is confirmed by the Senate.

Jeremy has been a long-serving employee of Commerce with experience in both our bureaus as well as the front office of the Deputy Secretary. He is currently co-chair of the DMC and has been Deputy Under Secretary for Industry and Security.

Jeremy previously served as the Deputy Under Secretary for Industry and Security. As Deputy Under Secretary, Mr. Pelter managed the daily operations of the Bureau of Industry and Security (BIS) and advises the Under Secretary of Industry and Security on a broad range of management and policy issues. Prior to joining BIS, Mr. Pelter served as the Senior Advisor to the Deputy Secretary of Commerce, advising the Deputy Secretary on issues related to policy and program implementation. Mr. Pelter entered the career senior executive service as the Chief Financial Officer and Director of Administration for the Economics and Statistics Administration (ESA). Before the Department of Commerce, Mr. Pelter served at the U.S. Small Business Administration (SBA) in several financial and operational positions. Additionally, Mr. Pelter was an inaugural Fellow of the White House Leadership Development Program, supporting trade policy. Prior to his federal career, Mr. Pelter worked in the non-profit sector in the Washington, D.C. metropolitan area.

Mr. Pelter earned his BA in Political Science from Indiana University and his MS in Management from the University of Maryland University College. He holds certificates in Public Leadership and Program Management from the Brookings Institution and American University, respectively.

### Miguel Estein
**Acting National Director for the Minority Business Development Agency**

Miguel serves as the Acting National Director for the Minority Business Development Agency at the Department of Commerce.

His 20-year professional trajectory in business and financial services was shaped by his time with GE Capital, where he structured multi-billion dollar transactions and led general management efforts in the corporate lending space, in roles such as Managing Director leading the working capital lending business in Mexico and Head of Strategy for GE’s commercial finance division in Latin America.

Following GE’s decision to exit financial services, as Director of Merger & Acquisitions, he led the $2.4 billion dollar divestiture and negotiation of the company’s corporate jet financing business sold to Carlyle and Blackstone in 2016. Known as a disciplined leader effective at handling complex issues, Miguel started his career with GE’s rotational management program and has held assignments all over the world, including Tokyo, Budapest, Mexico City, and across the United States. He is a certified six-sigma green belt manager.

In 2018 Miguel returned to Puerto Rico following the devastation left by Hurricane Maria to support the island’s recovery efforts via social impact projects such as Puerto Rico Live, a platform he co-founded that host live conversations with world leaders that inform, entertain and inspire.

He holds a Bachelor’s Degree in Finance from the University of Puerto Rico, where he graduated Magna Cum Laude; an MBA from Kellogg School of Management and a Master’s Degree from Georgetown’s School of Foreign Service. Miguel, his wife and two kids reside in Washington, DC.
Andrew Kuritzkes  
Senior Advisor Office of the Secretary, Department of Commerce

Prior to joining the Department of Commerce, Andrew Kuritzkes was an executive vice president and chief risk officer for State Street Corporation, responsible for leading the company’s risk management function globally. He is was also a member of State Street’s Management Committee, the company’s most senior strategy and policy-making team. Prior to joining State Street in 2010, Mr. Kuritzkes was a partner of Oliver Wyman and led the firm’s public policy practice in North America. He joined Oliver, Wyman & Company in 1988, was a managing director in the firm’s London office from 1993 to 1997, and served as vice chairman of Oliver, Wyman & Company globally from 2000 until the firm’s acquisition by MMC in 2003. From 1986 to 1988, he worked as an economist and lawyer for the Federal Reserve Bank of New York.

Mr. Kuritzkes holds a Juris Doctor degree from Harvard Law School, a Master of Philosophy degree in economics from Cambridge University and a Bachelor of Arts degree from Yale College.

André Mendes  
Chief Information Officer, Department of Commerce

André Mendes was appointed Chief Information Officer for the Department of Commerce in April of 2020. There, he has overall responsibility and oversight of all technology systems at the United States Department of Commerce (DOC) and its associated Bureaus (FY2020 Budget $3.8B).

Before, Mr. Mendes was responsible for all global technology platforms and systems for the International Trade Administration (ITA), the DOC bureau that manages global trade issues for the United States of America. There Mr. Mendes oversaw a rapid bureau-wide transformation effort making ITA the first Federal Agency/Bureau to be 100% cloud based, radically changing several workflows, enabling a massive scale-up of service provisioning quality, an unprecedented rise in employee morale and job satisfaction while also lowering overall operating costs to less than 11% of ITA's appropriation.

Prior to ITA, Mr. Mendes spent eight years at the U.S. Agency for Global Media (USAGM) in various executive roles; including CEO, COO, CIO, CTO and CFO. During his time at USAGM, Mr. Mendes managed overall Agency transformation generating over $360 million in savings from 2010 through 2018 through aggressive global technology and facilities optimization with projected 10-year savings in excess of half a billion dollars ($503M). In that timeframe, global weekly audiences grew 78% (165-278M), all while reducing technology and front office staff by over 22%.

Mr. Mendes received his MBA and BS in Management of Information Systems from University of Maryland Global Campus and an Associate Degree in Biology from Montgomery College. Mr. Mendes also holds certificates in finance and international management from MIT and Antwerpen University.
**Nicole Puri**  
Chief Risk Officer, Bureau of the Fiscal Service  

Nicole Puri is the Chief Risk Officer at the Bureau of the Fiscal Service and is also the Past-President of the Association for Federal Enterprise Risk Management. Ms. Puri was among the first set of practitioners to develop and pilot a federal enterprise risk management program. In addition to the Bureau, she has led agency implementations of ERM as the first Risk Management Officer for the Pension Benefit Guaranty Corporation and as the Deputy Director of ERM for the Office of Public and Indian Housing at HUD.

Ms. Puri has also consulted on risk management topics for federal agency clients and developed her problem-solving take on risk management during her time developing and building commercial and residential real estate.

Ms. Puri speaks frequently on Federal ERM topics for numerous organizations and has published several articles to assist practitioners as they implement ERM both in the public and private sectors. She has a law degree from George Mason University School of Law and an undergraduate business degree from the University of Wisconsin-Madison.

**Karen Weber**  
Deputy Chief Risk Officer, Department of the Treasury  

Karen Weber is the Deputy Chief Risk Officer and Director of the Office of Risk Management. She is responsible for analyzing key risks including credit, market, liquidity, strategic, operational, governance, and reputational risks across the Department and developing the enterprise risk management governance process for the Department.

She was one of the lead drafters of Playbook: Enterprise Risk Management for the U.S. Federal Government, was part of the team helping to update OMB Circular A-123, “Management’s Responsibility for Enterprise Risk Management (ERM) and Internal Control,” is on the ERM Executive Steering Committee, and chairs the ERM Community of Practice. She chaired the working group to update the Playbook: Enterprise Risk Management for the U.S. Federal Government which will be published in 2021.

Prior to joining the Office of Risk Management, Karen was in the Treasury Office of Federal Program Finance from June 2001 to November 2014, last serving as the Acting Director. Her work entailed performing analyses of various Federal credit programs, as well as developing policy for government borrowing, lending, and investment programs and related proposals to recognize or reduce risk to the taxpayer. She played a leading role in developing updated policies for Federal credit programs in the most recent update to OMB Circular A-129, “Policies for Federal Credit Programs and Non-Tax Receivables.”

Karen holds a Master of Public Administration from the George Washington University and a BA in Economics and Political Science from Dickinson College. She has earned the Risk and Insurance Management Society (RIMS) Certified Risk Management Professional credential and Federal micro-credential.

</table>

Henry (Jamie) Holcombe, serves as the Chief Information Officer (CIO) for the United States Patent and Trademark Office (USPTO). In this role, he is the principal advisor to the agency on the design, development, and operations of its information systems and technology. Mr. Holcombe has also served in a variety of executive level positions at various firms. At the Harris Corporation, Mr. Holcombe served as the Vice-President and General Manager of Caprock Government Solutions (CGS), a satellite and terrestrial communications provider to the US Government.

G. Nagesh Rao currently serves as Chief Information Officer for the Bureau of Industry and Security within the US Department of Commerce. Most recently he was Director of Business Technology Solutions (BiTS) at the US Small Business Administration’s (SBA) Office of the Chief Information Officer, and prior to was Chief Technologist & Entrepreneur in Residence within SBA’s Office of Investment & Innovation.

Over the last 20+ years, Nagesh has worked for numerous organizations in the public, private, and not for profit sectors. During his time in the public-sector, he has co-developed federal-wide policy initiatives around spurring small business and technological innovation as well programmatic endeavors such as i6 Green, Patents for Humanity, USAID’s-SBAR Program, and SBA’s Growth Accelerator Fund Competition. Furthermore he oversaw the revamp and modernization of SBA’s digital platforms including SBIR.gov and SBA.gov, as well led technology direction, as part of SBA’s COVID-19 leadership response team, with respect to the agency’s Virtual Command Center, PPP and EIDL endeavors via the CARES Act. In his initial year of service at BIS-Commerce, under Nagesh’s leadership, the Bureau has overcome 15+ years of technical debt and digitally transformed the way business is conducted via COTS, Cloud, and SaaS based solutions adopting a modern day technology stack standard.

(Mr. Holcombe also served as Harris’ Vice President of Information Technology and Director of Civil Programs and Commercial Accounts, as well as the Client Executive to the U.S. Department of State. He also served as Vice President of Information Systems for the Universal Service Administrative Company under the oversight of the Federal Communications Commission; as Chief Technology Officer, Senior Vice President of Operations, and Corporate Secretary for the Globix Corporation; and as Chief Information Officer of Cambrian Communications, LLC. He has also been an Architect and Senior Principal Consultant to companies in commercial telecommunications, retail entertainment, and mutual insurance companies.

Mr. Holcombe began his career as an officer in the U.S. Army where he served as company commander of the 1116th Signal Battalion and was awarded both the Douglas MacArthur Leadership Award and Most Outstanding Officer of the Year in Hawaii. He graduated from the U.S. Military Academy at West Point with a Bachelor of Science degree, finishing first in his class in computer science. He earned a Master of Business Administration degree in information systems from Chaminade University in Honolulu, and a Master of Science degree in computer science from George Washington University.

G. Nagesh Rao, serves as the Chief Information Officer for the United States Patent and Trademark Office (USPTO). In this role, he is the principal advisor to the agency on the design, development, and operations of its information systems and technology. Mr. Holcombe has also served in a variety of executive level positions at various firms. At the Harris Corporation, Mr. Holcombe served as the Vice-President and General Manager of Caprock Government Solutions (CGS), a satellite and terrestrial communications provider to the US Government.
Luis Cano
Chief Information Officer U.S. Census Bureau

Luis Cano currently serves as chief information officer at the U.S. Census Bureau. As CIO, Luis’ focus is providing secure and robust technology used by Census’ numerous programs and surveys on the nation’s people and economy. He serves as the principal adviser to the bureau’s director and deputy director on information resources and information systems management. Previously, he was the chief of the Decennial Contracts Execution Office (DCEO) in the Decennial Census Programs Directorate for the 2020 Census.

As a senior executive with over 35 years of management and leadership experience with the Census Bureau, National Oceanic and Atmospheric Administration’s (NOAA) National Weather Service (NWS) and U.S. Navy, Luis brings a wealth of technical leadership and operations experience to the Census Bureau. As the DCEO chief, he was responsible for over $3 billion of contracts supporting the execution of the 2020 Census. While serving as NOAA’s NWS director for the Office of Dissemination, he stood up the Office of Dissemination as part of NWS’ headquarters and budget restructure while improving dissemination services in support of NWS’ mission of protecting life and property. Prior to that, he served in several leadership positions including the acting NWS Operations Division director responsible for systems and engineering processes of real-time operational systems fielded across the United States. He also served as NOAA’s Weather and Climate Operational Supercomputing System (WCOSS) Program Manager providing highly reliable supercomputers essential to the processing of sophisticated numerical models directly supporting NOAA’s environmental prediction product generation. Luis is a U.S. Navy veteran, has a M.S. in Technology Management, Chief Information Officer Executive Certificate, B.S. in Computer & Information Science, certified Project Management Professional and certified Federal Acquisition Certification for Program and Project Managers (FAC-P/PM)-Level III.

Robert “Darryl” Frazier
Director, Project Management and Enterprise Risk Solutions Division, (NOAA)

Robert “Darryl” Frazier is serving his second tour at NOAA headquarters as Director of the Project Management and Enterprise Risk Solutions Division of the Performance Risk and Social Sciences Office under the Office of the Chief Financial Officer for NOAA. As such, he facilitates the enterprise risk program, the Deputy Undersecretary for Operations’ Program Management Council and the NOAA-NASA Agency Program Management Council, working directly with NOAA’s senior Project Managers. Additionally, he oversees NOAA’s implementation of the Program Management Implementation Accountability Act (PMIAA).

Prior to joining the NOAA CFO’s office, Darryl served as Chief of Staff for the Office of Satellite Ground Systems in for the National Environmental Satellite and Data Information Service (NESDIS), putting the components in place to manage and provide oversight to this newly formed organization. As well, he served in the Workforce Engagement Branch of the NESDIS CFO/CAO Office where he oversaw development of a first-ever Career Path Program for all assigned Federal employees. And, he spent his first tour in the NOAA OCFO as the Senior Advisor to the Chief Risk Officer.

Prior to joining NOAA in February of 2016, Darryl served in the United States Air Force and Air Force Reserve for 28 years. Darryl was at the leading edge of many quality improvement, training management and operational transitions to both develop employees and provide vastly improved service to customers. As part of the transition to a new $44B weapon system, the C-17A aircraft, Darryl developed and put in place an innovative training management system that both saved $10M and ensured the Air Force the ability to declare Initial Operating Capability (IOC), a critical program milestone, a full 6 months ahead of schedule. This ultimately led to a two command first 99.4% launch reliability rate for the 30-day Congressional mandated test of the aircraft, its capabilities and the accompanying support structure. The Air Force chief of Staff lauded the achievement as “the most successful capital acquisition program” ever seen.

<tr>
<th>Shirley Bowie-Dean</th>
</tr>
</thead>
<tbody>
<tr>
<td>Director, Office of Compliance and Oversight and Federal Information Technology Acquisition Reform Act Program, (DOC/OCIO)</td>
</tr>
</tbody>
</table>

Shirley Bowie-Dean was appointed as the Director, Federal Information Technology Acquisition Reform Act (FITARA) in July 2019. As the Department’s FITARA Program Director, Ms. Bowie-Dean leads the implementation of FITARA across the Department’s 12 bureaus and facilitates increased collaboration across the major elements of IT, Acquisition, Budget, and Workforce Management. She is a member of the OCIO Senior Leadership Team, which is responsible for addressing strategic, tactical, and operational concerns for oversight of Departmental IT activities, programs, projects, and initiatives.

In October 2021, Ms. Bowie-Dean was also appointed as the Director of the Office of Compliance and Oversight (OCO). Dual hatted, she currently manages the Federal IT Acquisition Reform Act (FITARA) program activities, initiatives, objectives accomplishments and compliance across DOC; Supervise two Senior Program Leads in support of 1.) the Commerce IT Review Board (CITRB) Program Management Office (PMO). The CITRB is chaired by the CIO, the CITRB PMO review, assess, and provide oversight/decision on all major DOC IT initiatives, and 2.) the Capital Planning and Investment Control (CPIC) Program Management Office. The CPIC PMO performs DOC-wide coordination across DOC, evaluates all IT initiatives and department IT portfolio for reporting on the OMB IT Dashboard. OCO supports/develops DOC-wide IT Acquisition policy, reviews all Acquisition Plans, and ensures the Chief Acquisition Officer and CIO have transparency for all governance activities. During Ms. Bowie-Dean’s tenure at Commerce, she served as the Deputy Chief Information Officer for seven years at the Minority Business Development Agency (MBDA). During this capacity, Ms. Bowie-Dean received the Secretary of Commerce Gold Medal Award for outstanding customer service for her leadership role, representing MBDA on the Secretary’s CommerceConnect program.

</table>

Susannah Spellman has 25 years of experience working in telecommunications strategy, program development, management, and leadership roles. She has worked in the commercial, not-for-profit, and Federal space, both domestically and internationally, helping to shape, launch, and execute telecommunications programs, most recently to advance broadband infrastructure development, adoption, and use. Susannah currently serves as the Deputy Associate Administrator for Planning and Program Development for the Department of Commerce’s National Telecommunications and Information Administration’s (NTIA) Office of Internet Connectivity and Growth (OICG). Prior to that role, she served as the Director of Strategy & Communications for NTIA’s OICG.

Prior to joining the Federal government, Susannah served as the Program Manager of a large contract for Redhorse Corporation providing telecom engineering, data analytics, and acquisition support to General Services Administration (GSA) Federal agency clients in the migration from Networx to Enterprise Infrastructure Solutions (EIS). While at Internet2, Susannah served as the Executive Director of the United States Unified Community Anchor Network (U.S. UCAN) program, an initiative focused on efforts to support the broadband needs of community anchor institutions (K-12, libraries, museums, public safety, public media, and health institutions) nationwide. Susannah started her career with IBM in business development and marketing. Susannah holds a B.A. in Telecommunications from the Pennsylvania State University and a M.A. in International Science and Technology Policy from George Washington University.

Natasha Sheehan leads agency engagement and outreach within the Commercial Platforms team, having joined the team in 2019. In the over 15 years she has been with GSA, Natasha has held roles within the Office of Information Technology Category, Office of General Supplies and Services, and Office of Enterprise Strategy management.
Roger Clark
Director, Enterprise Program Management Office and Commerce
Controlled Unclassified Information Program Manager, (DOC/OCIO)

Roger L. Clark, Jr., was appointed as the Director, Enterprise Program Management Office (ePMO) in June 2020. In this role, he is responsible for the establishment of formalized project and program management processes to include vendor management, policy and governance for Office of the Secretary (OS) Chief Information Officer (OCIO) programs and systems. Additionally, he is responsible for the day-to-day operations of the Department’s implementation of the Controlled Unclassified Information (CUI) Program. Mr. Clark provides leadership, project management and advisory services to the Chief Information Officer (CIO) and Department senior management regarding the implementation of administration priorities and other national-level efforts.

Mr. Clark is a 30+ year veteran of the Department of Commerce. Prior to his appointment as the ePMO Director, Mr. Clark served as the CIO at both the Bureau of Industry and Security (BIS) and the National Telecommunications and Information Administration (NTIA) where he was responsible for management of all information technology (IT) to include IT operations, cyber security, risk management, solution development, customer service, strategic planning and capital investment control. Mr. Clark has also served as the Acting Chief Information Security Officer and as a Senior Advisor to the Department’s CISO. In these roles, he provided programmatic, operational, and strategic advice to the CISO, the CIO, and Secretary. Mr. Clark led several key cyber security projects to include establishment of the Enterprise Security Operations Center, identity management for Foreign Guest Researchers, Insider Threat, implementation of Homeland Security Presidential Directive 12, the Department’s consolidation and expansion of national security systems, and the Department’s implementation of the Continuous Diagnostics and Mitigation Program.

Alina Sadoveanu
Program Manager for The Lab, Department of Commerce

Ms. Alina Sadoveanu is passionate about creating long-term value through public sector acquisition with over 15 years of procurement and acquisition experience to include Chief Procurement Officer (CPO), Director of Procurement Operations, Bureau Procurement Official, Program Manager, and Contracting Officer with unlimited warrant at several federal agencies. Currently Ms. Sadoveanu serves at the Program Manager in charge of establishing and growing an acquisition innovation lab at the Department of Commerce. She became the CPO for the Executive Office for Immigration Review, at the Department of Justice in 2015. While serving she negotiated agreements to help expedite hiring immigration judges and court staff teams, worked on a variety of program improvements through industry partnerships that ultimately bent the curve of high immigration case backlog. She led procurements to create efficiencies at each court nationwide, optimized supply chain by reducing risk to the government and increasing the speed and value to taxpayers. Before this appointment, she joined General Services Administration, Acquisition Support Services in July of 2012 as the Division Director. She provided support to all federal executive agencies, state, and local entities, and to foreign governments. While at GSA Sadoveanu worked on introducing innovative tools in procurement, reverse auctioning, life cycle contracting, and performance-based service acquisition. She partnered with Australian Government Procurement colleagues in 2019 and delivered keynote address to their procurement conference in Sydney, Australia and again in 2020 to discuss supply chain challenges in the digital age. She is an expert in blueprinting and implementing new procurement systems such as Prism, and Momentum and mapping user roles in accordance with OMB Circular A123. She received her bachelor’s degrees in Political Science and Economics from the State University of New York at Plattsburgh.
2022 BIG “A” ACQUISITION CONFERENCE  
Virtual Event  
May 16th - May 18th  
"THE BIG A – THE NEXT DECADE: EDUCATION, LEADERSHIP, AND COLLABORATION"

<table>
<thead>
<tr>
<th>Todd Hill</th>
<th>Christopher Wallis</th>
</tr>
</thead>
</table>
| NIST Senior Bureau Procurement Official (BPO)  
National Institute of Standards & Technology | Director of Acquisition Services and Senior Bureau Procurement Official for Enterprise Services-Acquisition (DOC/ES-A) |

Mr. Todd Hill is the acting Senior Bureau Procurement Official (SBPO) at the National Institute of Standards and Technology (NIST), a bureau of the U.S. Department of Commerce. Mr. Hill has served as a Procurement Analyst, Deputy Director, Team Lead, and Contracting Officer at NIST since 2005 and took over as acting SBPO in March of this year. Mr. Hill began his federal service in the contracting field in 1998 as a “Mechanicsburg” intern with NAVAL SEA SYSTEMS COMMAND (NAVSEA). He became a contracting officer in 2001 and primarily worked in the nuclear shipbuilding environment negotiating the awards for both aircraft carriers (CVN77) and VIRGINIA Class Submarines.

Mr. Hill graduated from Frostburg State University (1997) with a B.S. in Accounting. As a Navy intern, Mr. Hill attended the Darden Business School at UVA. He holds a Level III Federal Acquisition Certification in Contracting. Mr. Hill was born at Duke University Hospital in Durham, NC, but was primarily raised in the Midwest prior to moving to Maryland in 1992 to attend college. Mr. Hill is married (30-years in October) and has a son attending Salisbury State University as a senior, majoring in marine biology, and an adult daughter who works with young children.

Christopher Wallis has a 25+ year mix of public and private sector experience in project management and acquisition. He started his career as a Project Manager in the private sector in 1993 and after earning a Masters degree in Urban Planning acquired an interest in public service and joined the Peace Corp. While with the Peace Corp he served as a Water and Sanitation Technician for a municipality in Honduras working with local government officials and non-government organizations designing and implementing water and sanitation projects over the 1999 – 2001 timeframe.

After returning to the states Mr. Wallis took a Contract Specialist position with the Department of Housing and Urban Development (HUD) in 2002 and served as a Contracting Officer for multiple HUD programs including the Government National Mortgage Association (Ginnie Mae).

In 2017 Mr. Wallis joined the Department of Commerce to support implementation and operations of the Acquisitions function within Enterprise Services. He currently serves as Director of Acquisition Services and Senior Bureau Procurement Official for Enterprise Services-Acquisition (ES-A), providing leadership and oversight for the ES-A workforce in management of the Department’s strategic sourcing portfolio and delivery of mission enabling contracting services Commerce-wide.

Mr. Wallis completed the Federal Executive Institute’s “Leadership for a Democratic Society” program in 2014. He is FAC-C Level 3 certified and holds the Certified Federal Contracts Manager (CFCM), Certified Commercial Contracts Manager (CCCM), and Certified Professional Contracts Manager (CPCM) certifications from the National Contract Management Association. He remains committed to the craft of project management and holds the Project Management Professional (PMP) certification from the Project Management Institute and is also Senior-Level 3 FAC-P/PM certified as a Federal Program/Project Manager.
## Pam Sullivan
Geostationary Operational Environment Satellite R Series, (GOES-R) Program Director, (NOAA)

Pam Sullivan is the Geostationary Operational Environment Satellite R Series (GOES-R) Program Director, responsible for the development of the spacecraft, instruments, launch services and ground systems for the GOES-R Series of satellites. She is also leading the planning for NOAA’s next generation satellite series, the Geostationary Extended Observations (GeoXO) program. Sullivan joined NOAA in 2018 after 27 years with NASA, where she contributed to multiple spaceflight missions including the Joint Polar Satellite System, James Webb Space Telescope, Hubble Space Telescope, and the GOES-IM, NOP, and R-series projects. Early in her career, Sullivan served as a United States Air Force officer supporting the Space Shuttle and other manned spaceflight missions. She holds a bachelor’s degree in astronautical engineering from M.I.T.

## Samm Webb
Project and Resource Coordinator, (NIST)

Samm is the Project and Resource Coordinator with the NIST MEP Extension Services Division (ESD). Her primary focus areas include Supplier Scouting, where she manages the supplier scouting process, working group (WG) administration, where she manages WG activities, and project coordination, where she coordinates projects and assists the ESD project management team. Samm has been with the Program 22 years and graduated from the University of Maryland University College with a Bachelor of Science in Business.

Carla Goulart
Senior Director, Strategic Business Development, SourceAmerica

Carla Goulart is the Senior Director, Strategic Business Development. In this role she is the POC for SourceAmerica for all AbilityOne Representatives (ABORS) in partnership with the AbilityOne Commission and NIB to support the 24 CFO Act Agencies as they work to meet their pledges to the AbilityOne Program. Carla is also responsible for the development of new strategies, including the development of new lines of business that will drive growth in the AbilityOne Program. Carla been with SourceAmerica for over 8 years, prior experience includes working at multiple marketing and advertising firms. Her last employment position, prior to SourceAmerica, was at an organization called Sentinels of Freedom which has a 4-year program to support severely wounded members of the Armed Forces.

Lindsay Hochberg, MPP, PMP
BAS project manager for the BAS Program, (DOC)

Lindsay Hochberg is the project manager for the BAS Program at DOC. She has been at the Department of Commerce for over 10 years and has led various other systems implementations at DOC including several HR systems and the E2 travel system.
Michael Spead  
MITRE

Michael Spead (pronounced Speed) has over 20 years of experience in project, program, and portfolio management for a variety of clients around the world in diverse industries (including financial services, professional services, broadband/telecom, non-profit, government).

- As a Principal at MITRE, Mr. Spead:
  - Contributes to the innovation lab for Cost, Acquisition, and Management Sciences
  - Assesses and advises projects, programs, portfolios
  - Advises and leads PMO/LACE standup, optimization
  - Coaches and leads Agile transformation efforts
  - Serves as Agile Product Line owner, previous PMO Standup Product Line owner

Mr. Spead also has over 10 years of experience as a passionate coach, trainer, and professor of Predictive and Adaptive (Agile) PM methodologies. Currently, he teaches for Master’s programs at Georgetown University (Professor of the Year in 2019) and the University of Southern California (USC).

Ashely George  
Vision Corps

“I am a contract closeout specialist at the Department of Commerce in Enterprise Service Office of Acquisition. I review contracts to ensure the completion of all contract activities and de-obligate any remaining funds. I communicate with vendors and relevant DOC personnel to determine that all contracted goods/services have been delivered and closeout the contract according to the appropriate procedures.”
| **Dan Bare**  
Director, Program Management Division, Office of Acquisition Management, (DOC) | **Robin Funston**  
Director, Strategic Planning and Performance Staff  
U.S. Department of Justice |
|---|---|
| Mr. Bare currently serves as the Director of the Program Management Division in the Office of Acquisition Management. In his current role, Mr. Bare manages and oversees OAM’s Project Portfolio Management, the Program Management Improvement Accountability Act, the annual development of the Department’s Mission Critical List, the Department’s FAC-P/PM certification program, and leads the coordination of the Department’s Integrated Product Team efforts in support of the Milestone Review Board.  
Prior to his role with OAM, Mr. Bare was the Director of Enterprise Program Management at FirstNet, the Division Chief for the Office of Strategic Planning at the Department of State, an intelligence and spatial analyst with the Department of Homeland Security, an executive protection specialist with an international security firm, and a former U.S. Army combat veteran having done tours in the Middle East and Eastern Africa. | Robin Funston is the Director of Strategic Planning and Performance for the Department of Justice (DOJ). In this role she serves as the Deputy Performance Improvement Officer, the Deputy Evaluation Officer, the head of the Enterprise Risk Management Program, and the Program Management Improvement Officer for DOJ. She has held this position since June 2018. Prior to this role, she was the Budget Director for DOJ. In this capacity, she served as the principal budget expert for the Department with responsibility for development and execution of a budget in excess of $30 billion for the approximately 40 separate component organizations.  
Prior to joining DOJ, Robin held a number of positions at the Department of Health and Human Services (HHS). Soon after the American Recovery and Reinvestment Act of 2009 was signed into law, Robin joined the Senior Executive Service to establish the HHS Office of Recovery Act Coordination. She coordinated HHS-wide management of the Recovery Act activities involving approximately 40 Recovery Act programs valued at over $150 billion in mandatory and discretionary funds. Prior to this position, as a Program Manager for HHS’ Health Resources and Services Administration, she administered programs that provided financial assistance to States, communities, non-profit organizations and individuals, with responsibility for developing program policy, direction, and implementation, and monitoring the performance of programs with an annual budget exceeding $500 million in grants, contracts, and interagency agreements. Robin began her Federal career as a Presidential Management Intern in the HHS Office of Budget, where she worked for 17 years in various positions—from analyst to branch chief. |
### Noah Nielsen
**Team Lead Western Acquisition Division (WAD) Acquisition and Grants Office (NOAA)**

Noah Nielsen is a Team Lead for the Western Acquisition Division (WAD), a division within the Acquisition and Grants Office of the National Oceanic and Atmospheric Administration (NOAA). Mr. Nielsen leads an acquisition team that supports one half of the contracts portfolio for the National Weather Service (NWS), which includes the National Centers for Environmental Prediction, Office of Water Prediction, NWS Regional Headquarters, and the Analyze, Forecast and Support Office.

Mr. Nielsen began his contracting career in 2014 when he joined WAD as a contractor supporting its National Marine Fisheries Service portfolio. He later became a federal employee in 2016 with WAD and shortly thereafter became a warranted Contracting Officer (CO). During his time at NOAA, Mr. Nielsen has supported other line offices within NOAA, such as the National Ocean Service and Office of Marine and Aviation Operations, in assisting them with their highly technical and complex requirements. These requirements range from construction, scientific support services, ship construction, IT support services, and various IT supplies.

Mr. Nielsen graduated from Middle Tennessee State University with a B.A. in Political Science with a cognate in Public Administration in 2013. He received a Master’s of Public Administration from Seattle University in 2017. Mr. Nielsen completed the Partnership for Public Service’s Leadership Excellence for Public Service program in 2018 and holds a Level III Federal Acquisition Certification in Contracting. He is also a member of the National Contract Management Association. Mr. Nielsen originates from Tennessee and currently resides in Seattle, WA.

### Mathew Buchanan
**National Industries for the Blind (NIB)**

Matthew Buchanan works for the National Industries for the Blind (NIB), as part of the AbilityOne Program. His role on the Business Development Team encompasses being the lead ABOR specialist for NIB. For the previous ten years, Matt held the position of Contracting Officer for the Army Contracting Command, Aberdeen Proving Ground, Natick Contracting Division (ACC-APG-Natick). In that role, Matt was responsible for millions of dollars worth of contracts, ranging from the development and production of COVID Personal Protective Equipment (PPE) masks, to the rollout of the new Army Green Service Uniform (AGSU). During his time as a civilian with the Army, Matt frequently utilized the AbilityOne Program to successfully deliver quality garments, on time and at a reasonable price.

**Steve Seiden**

For 25 years, Steven Seiden, President and Founder of Acquired Data Solutions, has set the organization’s strategy based on four standing principles: (1) people first (2) customer success (3) fiscal responsibility and (4) effective communication. ADS has delivered resilient, robust and quality solutions throughout the engineering and Internet of Things (IOT) lifecycle.

Prior to founding ADS, Steve earned two masters’ in engineering at North Carolina State University and BS in computer science at American University. He was also a contractor for the US Army Corps.

Steve is dedicated towards giving back to his community by providing relevant career development opportunities for low-income residents in the DC region. He served on the Board for On-Ramps to Careers, and previously held leadership roles with Byte Back. He has led a summer youth STEM literacy program for DC High School students since 2016. Along with his community work, Steve has taken pride in mental health for himself along with his staff. During the pandemic, ADS completed its Mental Health Certification from Let’s Empower, Advocate, and Do, Inc. (LEAD). He inspired others with his enhanced commitment to his staff well-being by writing 2 articles for publications and participated in numerous interviews and articles discussing corporate mental health.

**Amy. M. Fadida**

Ms. Fadida, with over forty years of management and leadership in the telecommunications and information technology industry, is owner, President, and Chief Executive Officer of A.M. Fadida Consulting, launched in October, 1997. The firm focuses on a diverse group of government and commercial organizations, particularly those systems integrators and IT professional services firms serving the US government, and provides clients with strategies and tactics for growth through business development, capture management, sales and marketing support services, operations, organizational assessments and recommendations for performance improvements, strategic alliances and other teaming arrangements, along with support in the areas of proposal and contract management and human capital. Ms. Fadida advises business owners and senior management teams to drive winning decisions in a rapidly changing marketplace.

In her last corporate assignment, Ms. Fadida served as the Chief Marketing Officer and Senior Vice President for Corporate Business Development at VIACK Corporation. She joined the company as a member of its executive team after having provided her consulting services to the Chairman and CEO of the company to develop the strategy for penetration of the US government market through the firm’s design, development and deployment of unique secure collaboration solutions at the desktop. Her responsibilities included all external and internal functions driving corporate growth and revenue generation, including long-term strategic business development, capture management and strategy, program management and proposal development, contract management, sales and operations, market research, product marketing/product development/product management, corporate and marketing communications, strategic quality initiatives, client services and support, client development and training.
### Clyde Relick  
**Vice President, Strategic Client Solutions, T-Rex Solutions, LLC**

Clyde serves as Vice President of Strategic Client Solutions within the Growth and Strategy Team of T-Rex Solutions, shaping T-Rex solutions and services to meet the needs of federal and defense clients, including enterprise and solutions architecture, agile methodologies, data analytics, business process re-engineering, software system design and development, continuous integration, automated testing, and more.

He served as the Capture Manager and Program Manager on T-Rex’s $1B+ US Census Bureau’s Technical Integrator (TI) Program contract from August 2016 through May 2018 supporting the Census Bureau in delivering the first Decennial Census internet self-response and mobile management of the 400,000-personnel enumeration field force hosted in a hybrid-Cloud scalable and secure infrastructure.

Clyde has over 30 years of consulting experience and has led efforts at T-Rex and Lockheed Martin, capturing and managing over $4B in new business with excellent CPARS and Award Fees. His Department of Commerce program experience includes USCB, USPTO and NOAA. Clyde has certifications in PMP and SaFE Agile and received a BA in mathematics and a MS in industrial systems engineering and operations research from the University of Florida.

### Matthew Jung  
**phia Vice President of Growth, Phia, LLC**

Matthew Jung serves as the Vice President of Growth. He is responsible for developing and implementing strategies to mature and expand existing and new markets, promote brand awareness, and increase overall business maturity. Originally from Texas and a Navy Veteran, Matthew believes in the act of service to his family, country, friends, and colleagues. With almost 20 years of supporting various Federal organizations, Matthew’s genesis began in Electronic Intelligence (ELINT) and Cryptography and grew into cybersecurity.

Having been blessed to serve in a variety of leadership roles across private and public sectors, his love for the mission of bringing people together has helped organizations achieve exponential growth and bring resilient solutions across the Department of Defense and Federal Civilian Markets.
