

# **GovTA Custom Extensions Update**

**March 1, 2023**

# What are Custom Extensions

- The list on the following page represents specific GovTA functions that are for specific for the bureaus listed
- These are the same extensions that were available in WebTA
- They must function as well as they did in WebTA so GovTA will continue to function at least as well as WebTA did
- There are no upgrades or enhancements to any of these extensions currently
