

Office of Sustainable Energy and Environmental Programs

U.S. Department of Commerce

CALL FOR: Sustainability, Energy, and Environmental Ambassador Nominations

The Department of Commerce's (the Department's) Office of Sustainable Energy and Environmental Programs (OSEEP) is calling for nominations for the Department's annual Sustainability, Energy, and Environmental (SEE) Ambassadors Program. The SEE Ambassadors distinction provides a great opportunity to recognize individual Department employees working hard to implement exceptional projects and programs that help the Department achieve its missions and meet sustainability, energy and water reduction, clean energy, climate change adaptation, resilience, and/or environmental performance goals. All nominees from Operating Units and Office of the Secretary Staff Offices that meet the selection criteria will be recognized.

Selection Criteria

The Department will make selections for recognition when the individual has gone above and beyond typical day-to-day responsibilities to help achieve mission success, including personnel who may not otherwise receive such recognition.

NOTE: This recognition program is independent of the Department's annual Energy and Environmental Stewardship Awards and is offered as an alternative way to highlight the achievements of individuals in energy, sustainability, and environmental management.

Application Details

Each nomination must highlight the efforts of one individual (this is not a team recognition).

Recognition

Selected nominees will receive a certificate from the Office of Sustainable Energy and Environmental Programs and will be featured in a Commerce-wide broadcast email. Managers of designated SEE Ambassadors are encouraged to hold a recognition ceremony to celebrate their achievements.

How to Apply

Fill out the form on the next page and submit your nomination to Sarah Yardley at syardley@doc.gov. You may attach up to three (3) supporting documents.
