

## OSY Industrial Security Intake Form

The Department is covered by the National Industrial Security Program (NISP) when a classified acquisition as defined under the Federal Acquisition Regulation (FAR) 2.101 is proposed. The Contracting Officer (CO), in coordination with the requiring office/project manager and Security Office, are responsible for determining whether access to Classified National Security Information (CNSI) will be required during contract performance. Contract language shall address elements expected in the Performance Work Statement (PWS), Statement of Work (SOW) or Statement of Objectives (SOO) and complete DD-254, items 10 and 11. When access to CNSI is required by the contractor during contract performance, COs shall forward a copy of the draft requirements document (i.e., SOW, SOO or PWS), draft DD-254 to [OSY\\_IndustrialSecurity@doc.gov](mailto:OSY_IndustrialSecurity@doc.gov)
