GovTA Release 1.4.8 (1/19/2024) & Bug Fix Update
January 2024

Tickets Addressed in Release 1.4.8

Description	Status
WBTA-13604 - CENSUS Custom Accounts Creation Issue - Description Defaulting Incorrectly. When a Census employee adds a Description to an account, the description text no longer carries over to other employees and their accounts.	Fixed in GovTA 1.4.8
WBTA-13936 - Data Set Setting Configuration Export Doesn't Ever Complete. A performance issue occurred when the Administrator exported large streams of XML data from the Configuration Management page. The performance has been improved, in particular, for the Data Set export. The initial execution of this export may still take several minutes but should be reduced by 50% when compared to previous releases. Exporting Data Sets takes quite a bit of time for large instances.	Fixed in GovTA 1.4.8
WBTA-14745 - Employee/Timesheet Profiles groovy to report. The groovy script 00 - 02109705_find_ts_profiles_chosenPP-1.groovy has been converted to two standard reports: DOC User Profile Report and DOC Timesheet Profile Report. Both reports are available to the Administrator role.	Fixed in GovTA 1.4.8
WBTA-147746 - Timesheet Profile for User groovy to report. The groovy script 00 - Doc Dump Timesheet Profiles By User.groovy has been converted to a standard report named DOC Timesheet Profiles for User Report. The report is available to the Administrator role.	Fixed in GovTA 1.4.8
WBTA-14747 - Timekeeper Profiles groovy to report. The groovy script 000 - doc4-205-timekeeper-profile-detail.groovy has been converted to a standard report named DOC Timekeeper Profile Report. The report is available to the Administrator role.	Fixed in GovTA 1.4.8
WBTA-14749 - The groovy script Fetch-Timesheet-Data-Main Export.groovy has been converted to a standard report named DOC Timesheet Transactions Report.	Fixed in GovTA 1.4.8
WBTA-14750 - The groovy script New_dump_timesheet_data.groovy has been converted to a standard report named DOC Timesheet Report. The report is available to the Administrator role.	Fixed in GovTA 1.4.8

Tickets Addressed in Release 1.4.8 cont'd

Description	Status
WBTA-14197 - DOC GovTA 1.4.6: Conversion of GovTA Scripts to Reports	Fixed in GovTA 1.4.8
WBTA-14756 - Census Timekeeper Accounting/Accounts Screen Cannot Cancel Out. UKG GovTA uses the Cancel button for navigation options between pages. Some pages and features for Census employees present a Cancel button that has unexpected effects. The application now corrects those pages to better match the employee expectation about when those navigation buttons should be visible.	Fixed in GovTA 1.4.8
WBTA-14481 - GovTA CPU issues due to TILES. A performance issue occurred with the Absent Tile when delegated users were involved. Due to the 'Absent' tile and the heavy impact it caused on the database due Supervisors who were delegates over many employees.	Fixed in GovTA 1.4.8
WBTA-14739 - GovTA Timekeeper View When Sorting by Supervisor. The Timekeeper and Supervisor columns on the Select Timesheets page were not sorting correctly. The issue has been resolved.	Fixed in GovTA 1.4.8
WBTA-14880 - Changing Census Supplemental Build Button Labels. Labels on the Supplemental Build Management page were adjusted. Run Build Through Month was changed to Build by Pay Period. Run Build Through Pay Period was changed to Build for Past History.	Fixed in GovTA 1.4.8
WBTA-14937 - The screen reader announced 'blank" for the pay codes in the timesheet Transaction modal. The issue has been fixed. (508 compliance)	Fixed in GovTA 1.4.8
WBTA-14926 - GovTA 1.4.6 [Critical]: Supervisors Unable to view 'Select Employees' - System defect that removes the privileges for the Supervisor role, preventing all Supervisors from performing their duties. Example - When a user—for example, a Supervisor--cannot access information on the Select Timesheets or Select Employees page, a job automatically detects the issue and resolves the problem.	Fixed in GovTA 1.4.8
WBTA-14473 DOC GovTA 1.4.6: Password Expirations Cause Abandoned Connections in Database - Database connections were not releasing when users requested password changes on expired passwords.	Fixed in GovTA 1.4.8
