of any of the funds made available by the Act to enter into a contract, including
interagency acquisitions, with any corporation that was 1) convicted of a felony criminal
violation under any Federal law within the preceding 24 months, unless any agency has
considered suspension or debarment of the corporation and made a determination that
this further action is not necessary to protect the interest of the Government; and/or 2)
has any unpaid Federal tax liability that has been assessed, for which all judicial and
administrative remedies have been exhausted or have lapsed, and that is not being paid
in a timely manner pursuant to an agreement with the authority responsible for collecting
the tax liability, unless an agency has considered suspension or debarment of the
corporation and made a determination that this further action is not necessary to protect
the interest of the Government.

Determination and Findings

Findings

1. Sections 543 and 544 of Public Law 112-55 Commerce, Justice, Science, and Related Agencies Appropriations Act 2012, Title V (General Provisions) [the Act] prohibit the use of any of the funds made available by the Act to enter into a contract with any corporation that was a) convicted of a felony criminal violation under any Federal law within the preceding 24 months, unless any agency has considered suspension or debarment of the corporation and made a determination that this further action is not necessary to protect the interest of the Government; and/or b) has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that this further action is not necessary to protect the interest of the Government.

2. The Chair of the Civilian Agency Acquisition Council issued a memorandum dated January 27, 2012, providing the effect of consultation for class deviation in accordance with FAR subpart 1.404 to allow agencies to prescribe required procedures to comply with the prohibitions contained in the agency’s appropriation for Fiscal Year 2012.

3. The attached representations/assurances by offerors/contractors will afford contracting officers an awareness of non-compliance so that appropriate action can be taken prior to obligation of Fiscal Year 2012 funding in accordance with the prohibitions contained in the Act.

4. The required actions prescribed herein are applicable to all contracts, task orders against contracts including Federal Supply Schedules, and contracts and task orders resulting through interagency acquisitions.

5. Appropriate action will be taken by the Suspension and Debarment Official, with legal counsel, in accordance with the prohibitions contained in the Act.
Determination

In accordance with FAR 1.404, I hereby authorize this class deviation requiring contracting officers, prior to obligation of Fiscal Year 2012 funding, to: 1) obtain representations from offerors/contractors; 2) require use of the DOC representations by servicing agencies under interagency acquisitions; and 3) obtain a determination of eligibility from the Suspension and Debarment Official, DOC, in the event of an affirmative representation. This determination is based on analysis of the findings described herein.

This class deviation will remain in effect until rescinded or until Fiscal Year 2012 funding has been obligated.
