Subject: Revised Local DoC Clauses

The list of local DoC clauses issued with Procurement Memorandum 2000-03 is hereby amended to make the following corrections:

(1) to renumber the *Key Personnel* clause from 1352.237-70 to 1352.237-73. The first number was inadvertently assigned to two clauses;

(2) to renumber the *Contracting Officer's Technical Representative (COTR)* clause from 1352.242-70 to 1352.201-71 to accurately reflect its association to FAR and CAR Part 01;

(3) to incorporate clauses 1352.237-71 and 1352.237-72, *Security Processing Requirements for Contractor/Subcontractor Personnel Working on a DoC Site*, into Section C instead of Section L; and

(4) to assign a date to all clauses and provisions of March 2000. Each clause name will be followed by "(March 2000)."

The revised table and clauses are available on the APP website at <http://www.doc.gov/oam/app> under Procurement Memorandum 2000-03.
