U.S. Department of Commerce Privacy Impact Assessment

Unique Project Identifier: [Number]

Introduction: System Description

Provide a description of the system that addresses the following elements:
The response must be written in plain language and be as comprehensive as necessary to describe the system.

(a) Whether it is a general support system, major application, or other type of system

The MBDA Salesforce CRM System (MSCRM) is a major application that contains specific information regarding each of MBDA's minority business enterprise clients. The CRM system supports the MBDA staff and grants program.

(b) System location

The system is a cloud based **FedRAMP accredited** Software as a Service (SAAS) system.

(c) Whether it is a standalone system or interconnects with other systems (identifying and describing any other systems to which it interconnects)

The CRM system is a stand-alone system.

(d) The way the system operates to achieve the purpose(s) identified in Section 4

Using the Customer Relationship Management System, MBDA collects and stores PII information on business center operators, and sensitive BII pertaining to MBDA clients, and partners. The information includes industry codes, financial and business history information, and other business plan information that if disclosed improperly, could create competitive harm to businesses. Information regarding minority businesses (clients) is also collected from clients and other non-client sources (e.g., third party websites, brokers). The MBDA business centers collect client information and data to analyze the clients' financial, contract, and market potential in order to provide technical business services. The data is used by the MBDA headquarters program office to monitor the performance of the grantees, to make policy decisions, and to provide specialized services to the business centers. MBDA uses the potentially sensitive financial, transactional and industry BII and race/ethnicity information collected from minority business enterprises to determine eligibility for participation as clients of the MBDA Business Center and specialty programs (MBC/MSP) and to provide technical business services to clients.

(e) How information in the system is retrieved by the user

The MBDA Headquarters and MBDA business center and specialty program staff and grantees retrieve information from the system using centralized and consistent processes for internal user provisioning with user profiles, permission sets and strong authentication mechanisms. The E-Mail/SMS-based identity confirmation feature enables users to log in from unrecognized devices to receive a one-time 5-digit PIN delivered via SMS to a registered phone number before being granted access to the system. MBDA Headquarters and Business Center staff can access the data in the system on a real-time basis.

(f) How information is transmitted to and from the system

A typical transaction includes the input of specific client information and data in the system in various fields by the MBDA Business Centers and Specialty Program. MBDA Staff reviews the input data and uses the information provided to determine the performance of the grant award. Data is input by the business centers at remote locations and submitted into the system. The MBDA staff can access the data in real time. No changes have been made to the system from FY18, everything remains the same.

(g) Any information sharing conducted by the system

The information collected in the CRM by MBDA Business Centers and Specialty Programs (grantees) is shared in real time and on a continuous basis with the MBDA Headquarters (grantor), for the purpose of monitoring business center performance. The information may be shared with other federal agencies for specific purposes related to research on a case by case basis. There is no pre-determined sharing with other federal agencies, however, the MBDA may share information in an aggregated format with the U.S. Census Bureau.

(h) The specific programmatic authorities (statutes or Executive Orders) for collecting, maintaining, using, and disseminating the information

MBDA collects, maintains, uses and disseminates the information pursuant to delegated authority from the Secretary of Commerce to execute programs and activities under Executive Order 11625 (codified at 15 CFR section 1400). Pursuant to EO 11625, MBDA has the authority to provide financial assistance to public and private organizations so that they may render technical and management assistance to minority business enterprises, and defray all or part of the costs of pilot or demonstration projects conducted by public or private agencies or organizations which are designed to overcome the special problems of minority business enterprises. MBDA competes, awards, and manages federal financial assistance awards (MBDA Business Center awards) to external organizations that provide direct technical business assistance to minority businesses on behalf of the Agency. The MBDA business centers collect the client BII and data to provide technical business services. The data is used by the MBDA Headquarters program office to monitor the performance of grantees, to make policy decisions, and to provide specialized services to the business centers.

(i) The Federal Information Processing Standards (FIPS) 199 security impact category for the system

Moderate impact (access control, audit, and accountability).

Section 1: Status of the Information System

1.1 Indicate whether the information system is a new or existing system.

_____ This is a new information system.
_____ This is an existing information system with changes that create new privacy risks. *(Check all that apply.)*

Changes That Create New Privacy Risks (CTCNPR)					
a. Conversions		d. Significant Merging		g. New Interagency Uses	
b. Anonymous to Non-Anonymous		e. New Public Access		h. Internal Flow or Collection	
c. Significant System Management Changes		f. Commercial Sources		i. Alteration in Character of Data	
j. Other changes that create new privacy risks (specify):					

__X__ This is an existing information system in which changes do not create new privacy risks, and there is not a SAOP approved Privacy Impact Assessment.

Section 2: Information in the System

2.1 Indicate what personally identifiable information (PII)/business identifiable information (BII) is collected, maintained, or disseminated. *(Check all that apply.)*

Identifying Numbers (IN)					
a. Social Security*		e. File/Case ID	X	i. Credit Card	
b. Taxpayer ID		f. Driver's License		j. Financial Account	
c. Employer ID		g. Passport		k. Financial Transaction	
d. Employee ID		h. Alien Registration		l. Vehicle Identifier	
m. Other identifying numbers (specify):					
*Explanation for the need to collect, maintain, or disseminate the Social Security number, including truncated form:					

General Personal Data (GPD)					
a. Name	X	g. Date of Birth		m. Religion	
b. Maiden Name		h. Place of Birth		n. Financial Information	
c. Alias		i. Home Address	X	o. Medical Information	
d. Gender	X	j. Telephone Number	X	p. Military Service	
e. Age		k. Email Address	X	q. Physical Characteristics	
f. Race/Ethnicity	X	l. Education		r. Mother's Maiden Name	
s. Other general personal data (specify):					

Work-Related Data (WRD)					
a. Occupation		d. Telephone Number	X	g. Salary	
b. Job Title	X	e. Email Address	X	h. Work History	
c. Work Address	X	f. Business Associates	X		
i. Other work-related data (specify):					

Distinguishing Features/Biometrics (DFB)					
a. Fingerprints		d. Photographs		g. DNA Profiles	
b. Palm Prints		e. Scars, Marks, Tattoos		h. Retina/Iris Scans	
c. Voice Recording/Signatures		f. Vascular Scan		i. Dental Profile	
j. Other distinguishing features/biometrics (specify):					

System Administration/Audit Data (SAAD)					
a. User ID	X	c. Date/Time of Access	X	e. ID Files Accessed	
b. IP Address	X	d. Queries Run	X	f. Contents of Files	X
g. Other system administration/audit data (specify):					

Other Information (specify)

2.2 Indicate sources of the PII/BII in the system. *(Check all that apply.)*

Directly from Individual about Whom the Information Pertains					
In Person	X	Hard Copy: Mail/Fax	X	Online	
Telephone	X	Email	X		
Other (specify):					

Government Sources					
Within the Bureau	X	Other DOC Bureaus	X	Other Federal Agencies	X
State, Local, Tribal	X	Foreign			
Other (specify):					

Non-government Sources					
Public Organizations	X	Private Sector	X	Commercial Data Brokers	
Third Party Website or Application			X		
Other (specify):					

2.3 Describe how the accuracy of the information in the system is ensured.

The accuracy of the information is ensured by an internal verification process conducted by the MBDA Headquarters program staff. Headquarters program staff reviews the information input into the system by the Business Centers and verifies the accuracy of the documents and data.

2.4 Is the information covered by the Paperwork Reduction Act?

X	Yes, the information is covered by the Paperwork Reduction Act. Provide the OMB control number and the agency number for the collection. **0640-0002**
	No, the information is not covered by the Paperwork Reduction Act.

2.5 Indicate the technologies used that contain PII/BII in ways that have not been previously deployed. *(Check all that apply.)*

Technologies Used Containing PII/BII Not Previously Deployed (TUCPBNPD)			
Smart Cards		Biometrics	
Caller-ID		Personal Identity Verification (PIV) Cards	X
Other (specify):			

	There are not any technologies used that contain PII/BII in ways that have not been previously deployed.

Section 3: System Supported Activities

3.1 Indicate IT system supported activities which raise privacy risks/concerns. *(Check all that apply.)*

Activities			
Audio recordings		Building entry readers	
Video surveillance		Electronic purchase transactions	
Other (specify):			

X	**There are not any IT system supported activities which raise privacy risks/concerns.**

Section 4: Purpose of the System

4.1 Indicate why the PII/BII in the IT system is being collected, maintained, or disseminated. *(Check all that apply.)*

Purpose			
For a Computer Matching Program		For administering human resources programs	
For administrative matters	X	To promote information sharing initiatives	X
For litigation		For criminal law enforcement activities	
For civil enforcement activities		For intelligence activities	
To improve Federal services online	X	For employee or customer satisfaction	X
For web measurement and customization technologies (single-session)		For web measurement and customization technologies (multi-session)	X
Other (specify):			

Section 5: Use of the Information

5.1 In the context of functional areas (business processes, missions, operations, etc.) supported by the IT system, describe how the PII/BII that is collected, maintained, or disseminated

will be used. Indicate if the PII/BII identified in Section 2.1 of this document is in reference to a federal employee/contractor, member of the public, foreign national, visitor or other (specify).

This refers to members of the public, specifically businesses. MBDA, primarily through the MBDA Business Center program participants, collects the following data fields (see section 2.1) for use in: (a) providing technical and business development services to minority businesses; (b) for organizations and businesses that serve as MBDA business centers; and (c) for MBDA staff to track and monitor performance related to MBDA programs.

1) For administrative matters: the metrics recorded into the system are used by the grant officials of MBDA and NOAA to determine whether the grant recipients are meeting the performance goals required by the Federal Funding Opportunity Announcement, the OMB regulations, and the MBDA program requirements.
2) To promote information sharing initiatives: as an ancillary use, the information collected may be shared with other federal agencies as a result of the Administration's data initiatives.
3) To improve Federal services online: the information recorded in the system will provide MBDA with information to determine the type of information and services to be provided on the public website at www.mbda.gov.
4) For employee or customer satisfaction: data collected by the system, including the customer/client survey responses, is used by MBDA to gauge the adequacy of service provided by the MBDA headquarters staff and the MBDA business centers.
5) For web measurement and customization technologies: all data collected by the system will be analyzed to assess the technical and practical effectiveness of the CRM system as a tool for the MBDA services provided and to determine whether additional customization is required to maximize the use of the system for the program.

5.2 Describe any potential threats to privacy as a result of the bureau's/operating unit's use of the information, and controls that the bureau/operating unit has put into place to ensure that the information is handled, retained, and disposed appropriately. (For example: mandatory training for system users regarding appropriate handling of information, automatic purging of information in accordance with the retention schedule, etc.)

The security for the MSCRM application cover multiple security controls with regards to protecting the confidentiality, integrity, and availability of MBDA sponsored information systems and the information processed, stored, and transmitted by those systems. The security areas include: access control; awareness and training; audit and accountability; certification, accreditation, and security assessments; configuration management; contingency planning; identification and authentication; incident response; maintenance; media protection; physical and environmental protection; planning; personnel security; risk assessment; systems and services acquisition; system and communications protection; and system and information integrity. The MSCRM application team has implemented the required security controls based on the tailoring guidance of NIST Special Publication 800-53 Rev 4 and the Department's policies and procedures.

Section 6: Information Sharing and Access

6.1 Indicate with whom the bureau intends to share the PII/BII in the IT system and how the PII/BII will be shared. *(Check all that apply.)*

Recipient	How Information will be Shared		
	Case-by-Case	Bulk Transfer	Direct Access
Within the bureau			X
DOC bureaus	X		
Federal agencies	X	X	
State, local, tribal gov't agencies			
Public			
Private sector			
Foreign governments			
Foreign entities			
Other (specify): MBDA Programs			X

	The PII/BII in the system will not be shared.

6.2 Indicate whether the IT system connects with or receives information from any other IT systems authorized to process PII and/or BII.

	Yes, this IT system connects with or receives information from another IT system(s) authorized to process PII and/or BII. Provide the name of the IT system and describe the technical controls which prevent PII/BII leakage:
X	No, this IT system does not connect with or receive information from another IT system(s) authorized to process PII and/or BII.

6.3 Identify the class of users who will have access to the IT system and the PII/BII. *(Check all that apply.)*

Class of Users			
General Public		Government Employees	X
Contractors	X		
Other (specify):			

Section 7: Notice and Consent

7.1 Indicate whether individuals will be notified if their PII/BII is collected, maintained, or disseminated by the system. *(Check all that apply.)*

X	Yes, notice is provided pursuant to a system of records notice published in the Federal Register, discussed in Section 9, and Attachment 1.
X	Yes, notice is provided by a Privacy Act statement and/or privacy policy. The Privacy Act statement

	and/or privacy policy can be found at:	See Attachment 2 .
X	Yes, notice is provided by other means.	Specify how: OMB Control No. 0640-0002; Client Intake and Client Verification Forms.
	No, notice is not provided.	Specify why not:

7.2 Indicate whether and how individuals have an opportunity to decline to provide PII/BII.

X	Yes, individuals have an opportunity to decline to provide PII/BII.	Specify how: By declining to provide the information requested by the MBDA Business Center during the initial interview.
	No, individuals do not have an opportunity to decline to provide PII/BII.	Specify why not:

7.3 Indicate whether and how individuals have an opportunity to consent to particular uses of their PII/BII.

X	Yes, individuals have an opportunity to consent to particular uses of their PII/BII.	Specify how: On the client intake and transaction verification forms at the input level with the MBDA Business Center or MBDA Business Development Specialist.
	No, individuals do not have an opportunity to consent to particular uses of their PII/BII.	Specify why not:

7.4 Indicate whether and how individuals have an opportunity to review/update PII/BII pertaining to them.

X	Yes, individuals have an opportunity to review/update PII/BII pertaining to them.	Specify how: Upon request from the Business Center representative and as a Privacy Act request to FOIA@mbda.gov.
	No, individuals do not have an opportunity to review/update PII/BII pertaining to them.	Specify why not:

Section 8: Administrative and Technological Controls

8.1 Indicate the administrative and technological controls for the system. *(Check all that apply.)*

X	All users signed a confidentiality agreement or non-disclosure agreement.
X	All users are subject to a Code of Conduct that includes the requirement for confidentiality.
X	Staff (employees and contractors) received training on privacy and confidentiality policies and practices.
X	Access to the PII/BII is restricted to authorized personnel only.
X	Access to the PII/BII is being monitored, tracked, or recorded. Explanation:
X	The information is secured in accordance with FISMA requirements. Provide date of most recent Assessment and Authorization (A&A): **2/19/2019** ☐ This is a new system. The A&A date will be provided when the A&A package is approved.
X	The Federal Information Processing Standard (FIPS) 199 security impact category for this system is a

	moderate or higher.
X	NIST Special Publication (SP) 800-122 and NIST SP 800-53 Revision 4 Appendix J recommended security controls for protecting PII/BII are in place and functioning as intended; or have an approved Plan of Action and Milestones (POA&M).
X	A security assessment report has been reviewed for the supporting information system and it has been determined that there are no additional privacy risks.
X	Contractors that have access to the system are subject to information security provisions in their contracts required by DOC policy.
X	Contracts with customers establish ownership rights over data including PII/BII.
X	Acceptance of liability for exposure of PII/BII is clearly defined in agreements with customers.
	Other (specify):

8.2 Provide a general description of the technologies used to protect PII/BII on the IT system. *(Include data encryption in transit and/or at rest, if applicable).*

Data security is achieved through the combination of security controls offered by the Salesforce Government Cloud network infrastructure, database management systems and resource management. To ensure the consistent implementation of security controls across the various layers of infrastructure and services, Salesforce has implemented an organization- wide security program consistent with commercial (e.g., ISO 27001, SSAE16, PCI) and U.S. Government (e.g., FIPS 200 and NIST 800-53 Rev. 4., FedRAMP moderate) requirements and practices including but not limited to the following:

ACCESS CONTROL
• Centralized and consistent processes for internal user provisioning
• Assignment of access and separation of functions based on job responsibilities
• User profiles, permission sets and respective roles define their level of accessibility
• Limiting the number of concurrent sessions allowed per user
• Implementing automated system notification and deactivation of user accounts due to inactivity (30, 60 & 90 days)

IDENTIFICATION AND AUTHENTICATION
• Strong authentication mechanism for system users and processes
• The E-Mail/SMS-based identity confirmation: This feature enables users logging in from unrecognized devices to receive a one-time 5-digit PIN delivered via SMS to a registered phone number before being granted access to the system

AUDIT AND ACCOUNTABILITY
• Logging and auditing of system logs
• Login history: a six-month history of all login attempts to the org, including username, IP address, success/failure, and time and date is available upon demand.
• Audit trail logs: a 180-day history of setup changes made by the system administrator is also available upon demand and can be used to troubleshoot and audit administrative activities.
• Record Modification Fields Tracking: All objects include fields to store the name of the user who created the record and who last modified the record. This provides some basic auditing information.
• Field History Tracking

NETWORK SECURITY
• Connections to the system are served over TLS (HTTPS) with a 2048-bit Public Key. The Services use International/Global Step Up certificates, with AES 256-bit encryption by default.

DATABASE SECURITY
• The database is hardened according to industry and vendor guidelines. User passwords for the system are hashed via a salted SHA 256 algorithm before being stored in the database.
PASSWORD POLICIES
• Password complexity and expiration settings within MBDA SFCRM instance is configured to comply with DOC internal policies. The available password settings include:

- Password expiration timers
- Prevent re-use of previous passwords
- Password complexity restrictions
- Invalid lockout attempts
- Lockout timers
- Session Settings

Section 9: Privacy Act

9.1 Indicate whether a system of records is being created under the Privacy Act, 5 U.S.C. § 552a. *(A new system of records notice (SORN) is required if the system is not covered by an existing SORN).*
As per the Privacy Act of 1974, "the term 'system of records' means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual."

X	Yes, this system is covered by an existing system of records notice (SORN). Provide the SORN name, number, and link. *(list all that apply)*: **DEPT-10, Executive Correspondence Files; DEPT-23, Information Collected Electronically in Connection with Department of Commerce Activities, Events, and Programs**
	Yes, a SORN has been submitted to the Department for approval on (date).
	No, this system is not a system of records and a SORN is not applicable.

Section 10: Retention of Information

10.1 Indicate whether these records are covered by an approved records control schedule and monitored for compliance. *(Check all that apply.)*

X	There is an approved record control schedule. Provide the name of the record control schedule: **NARA General Records Schedule 3**
	No, there is not an approved record control schedule. Provide the stage in which the project is in developing and submitting a records control schedule:
X	Yes, retention is monitored for compliance to the schedule.
	No, retention is not monitored for compliance to the schedule. Provide explanation:

10.2 Indicate the disposal method of the PII/BII. *(Check all that apply.)*

Disposal			
Shredding		Overwriting	X
Degaussing		Deleting	
Other (specify):			

Section 11: NIST Special Publication 800-122 PII Confidentiality Impact Level

11.1 Indicate the potential impact that could result to the subject individuals and/or the organization if PII were inappropriately accessed, used, or disclosed. *(The PII Confidentiality Impact Level is not the same as the Federal Information Processing Standards (FIPS) 199 security impact category.)*

	Low – the loss of confidentiality, integrity, or availability could be expected to have a limited adverse effect on organizational operations, organizational assets, or individuals.
X	Moderate – the loss of confidentiality, integrity, or availability could be expected to have a serious adverse effect on organizational operations, organizational assets, or individuals.
	High – the loss of confidentiality, integrity, or availability could be expected to have a severe or catastrophic adverse effect on organizational operations, organizational assets, or individuals.

11.2 Indicate which factors were used to determine the above PII confidentiality impact levels. *(Check all that apply.)*

X	Identifiability	Provide explanation: Each business is identified by several indicators in the records.
	Quantity of PII	Provide explanation:
X	Data Field Sensitivity	Provide explanation: Data fields regarding financial, annual revenues and contract financial information are sensitive.
	Context of Use	Provide explanation:
X	Obligation to Protect Confidentiality	Provide explanation: If applicable to BII, the Trade Secrets Act (18 USC § 1836, as amended by PL 114-153 (2016)).
	Access to and Location of PII	Provide explanation:
	Other:	Provide explanation:

Section 12: Analysis

12.1 Identify and evaluate any potential threats to privacy that exist in light of the information collected or the sources from which the information is collected. Also, describe the choices that the bureau/operating unit made with regard to the type or quantity of information collected and the sources providing the information in order to prevent or mitigate threats to privacy. (For example: If a decision was made to collect less data, include a discussion of this decision; if it is necessary to obtain information from sources other than the individual, explain why.)

There are no potential threats to personal privacy existing based on the information collected or sources. Threats related to the collection of BII concerning company financial information, requests for funding or merger/acquisition potential are mitigated by the lack of fields in those sensitive areas. This information is not recorded into the system but may be provided to the Business Center for use in

servicing the client.

12.2 Indicate whether the conduct of this PIA results in any required business process changes.

	Yes, the conduct of this PIA results in required business process changes. Explanation:
X	No, the conduct of this PIA does not result in any required business process changes.

12.3 Indicate whether the conduct of this PIA results in any required technology changes.

	Yes, the conduct of this PIA results in required technology changes. Explanation:
X	No, the conduct of this PIA does not result in any required technology changes.

Dated: April 23, 2019.

James Maeder,

Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations performing the duties of Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix

Scope of the Order

The merchandise covered by this order is welded carbon and alloy steel pipe (other than stainless steel pipe), more than 406.4 mm (16 inches) in nominal outside diameter (large diameter welded pipe), regardless of wall thickness, length, surface finish, grade, end finish, or stenciling. Large diameter welded pipe may be used to transport oil, gas, slurry, steam, or other fluids, liquids, or gases. It may also be used for structural purposes, including, but not limited to, piling. Specifically, not included is large diameter welded pipe produced only to specifications of the American Water Works Association (AWWA) for water and sewage pipe.

Large diameter welded pipe used to transport oil, gas, or natural gas liquids is normally produced to the American Petroleum Institute (API) specification 5L. Large diameter welded pipe may also be produced to American Society for Testing and Materials (ASTM) standards A500, A252, or A53, or other relevant domestic specifications, grades and/or standards. Large diameter welded pipe can be produced to comparable foreign specifications, grades and/or standards or to proprietary specifications, grades and/or standards, or can be non-graded material. All pipe meeting the physical description set forth above is covered by the scope of this order, whether or not produced according to a particular standard.

Subject merchandise also includes large diameter welded pipe that has been further processed in a third country, including but not limited to coating, painting, notching, beveling, cutting, punching, welding, or any other processing that would not otherwise remove the merchandise from the scope of the order if performed in the country of manufacture of the in-scope large diameter welded pipe.

Excluded from the scope are any products covered by the existing antidumping duty order on welded line pipe from the Republic of Turkey. *See Welded Line Pipe from the Republic of Korea and the Republic of Turkey: Antidumping Duty Orders,* 80 FR 75056 (December 1, 2015).

The large diameter welded pipe that is subject to this order is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7305.11.1030, 7305.11.1060, 7305.11.5000, 7305.12.1030, 7305.12.1060, 7305.12.5000, 7305.19.1030, 7305.19.1060, 7305.19.5000, 7305.31.4000, 7305.31.6090, 7305.39.1000 and 7305.39.5000. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

Minority Business Development Agency

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Minority Business Development Agency.

Title: Online Customer Relationship Management (CRM)/Performance Database.

OMB Control Number: 0640–0002.

Form Number(s): 0640–002.

Type of Request: Regular Submission.

Number of Respondents: 2,633.

Average Hours per Response: 1 to 210 minutes depending upon function.

Burden Hours: 4,516.

Needs and Uses: This request is for a revision with a change to a current information collection. This collection involves the inclusion of a new group of federal financial assistance recipients. In Fiscal Year 2018, MBDA incorporated grants into the service delivery model for the agency. The client transaction and verification forms in use for the business center program may also be used to collect information about the effectiveness of other grant programs funded by the agency. The forms include a statement regarding MBDA's intended use by MBDA and transfer of the information collected to other federal agencies to allow for research studies on minority businesses. The form itself has not been revised but will be used by the new recipients. As part of its national service delivery system, MBDA awards cooperative agreements each year to fund the provision of business development services to eligible minority business enterprises (MBEs). The recipient of each cooperative agreement or grant is competitively selected to operate one of the following programs: (1) An MBDA Business Center; (2) an American Indian Alaska Native Native Hawaiian) (AIANNH) Center, or (most recently) (3) a broad agency grants. In accordance with the Government Performance Results Act (GPRA), MBDA requires all program grant recipients to report basic client information, service activities and progress on attainment of program goals via the online CRM/Performance Databases. The data collected through the Online CRM/Performance Databases is used to regularly monitor and evaluate the progress of MBDA's funded programs, to provide the Department and OMB with a summary of the quantitative information that it requires about government supported programs, and to implement the GPRA. This information may be summarized and included in an annual report, which may be made available to the public, or used to support federal government research studies regarding minority business development issues.

Affected Public: Individuals or households; Business or other for-profit organizations; Not-for-profit institutions; State, Local, or Tribal government; Federal government.

Frequency: On occasion, semi-annually, annually.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at *reginfo.gov.* Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *OIRA_Submission@omb.eop.gov* or fax to (202) 395–5806.

Sheleen Dumas,

Departmental Lead PRA Officer, Office of the Chief Information Officer, Commerce Department.

National Oceanic and Atmospheric Administration

RIN 0648–XG879

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Site Characterization Surveys off the Coast of New York

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of an incidental harassment authorization Renewal.

SUMMARY: In accordance with the regulations implementing the Marine Mammal Protection Act (MMPA), as amended, notification is hereby given that NMFS has issued an incidental harassment authorization (IHA)

Privacy Disclosure and Information Use

By submitting this form, your company agrees to allow the Minority Business Development Agency (MBDA) in Washington, D.C. to share this document, information contained therein, and any supplementary material provided by your company (collectively "Client Engagement Form") on an as needed basis, with other United States Government agencies to carry out appropriate due diligence and more effectively advocate for your interests. The Client Engagement Form also may be used by MBDA and MBDA Business Centers for the purposes of conducting research, studies, and analysis consistent with the MBDA mission as stated in Executive Order 11625. The Client Engagement Form is considered business confidential and will not be shared with any other person or organization outside the U.S. Government unless the MBDA Headquarters is given permission to do so by your company. All business confidential information will be protected from disclosure to the extent permitted by law.
